Fire Weather Forecast for southern Oregon and northern California
National Weather Service Medford, OR
502 AM PDT Sat Aug 14 2021

.DISCUSSION...Hot and unstable weather will continue through the weekend. A very low chance of thunderstorms lingers Saturday and Sunday, mainly east of the Cascades and portions of northern California. Winds will also be stronger Sunday afternoon and early Sunday evening. Temperatures will begin to cool on Monday and continue that trend into Tuesday as a cold front eventually traverses through the region. A coastal thermal trough and offshore flow will build in the low's wake
